14V 18W solar panel

Overview

What is a 12V 140W solar panel?

Our high quality monocrystalline 12V 140W solar panel is suitable for many applications and can work effectively in both sunny and overcast conditions. It is ideally suited for a motorhome or large caravan.

What is an 18W solar home lighting system?

An 18W Solar Home Lighting System is the smallest capacity solar lighting system for a home to use sunlight for running the CFLs. The system comes with a wide range of specifications at affordable prices. It is a compact and easy-to-install system that can provide a battery backup of up to 6 hours.

What is a 12V 10W solar panel?

An ideal panel for steady battery charging and maintenance or your small off grid lighting project. This high quality 12v 10w Solar Panel works in both sunny and overcast conditions and is fully weatherproof. Comes supplied with 2 meters of cable, a blocking diode to prevent reverse charging and crocodile clips for easy battery connection.
