

## ContainerPower Energy Solutions

# 20-foot energy storage container battery

## ESS

## Overview

---

The energy storage battery system adopts 1500V non-walk-in container design, and the box integrates energy storage battery clusters, DC convergence cabinets, AC power distribution cabinets, temperature control system, automatic fire-fighting system, lighting system and so on. The total capacity is 3.096 MWh (9 clusters), and the clusters are connected to the DC side of the energy storage converter through the convergence cabinet in parallel. The battery system adopts 20-foot container installation, with high degree of system integration and strong environmental adaptability, which reduces the workload of on-site installation and debugging as well as later maintenance.
