The SP635M-78H module combines the S-TOPCo 2.0 technology with 182mm half-cut cells to ensure impressive efficiency levels (up to 22.72%) ranging from 605W to 635W, and maximize the energy yield. The bifacial design of the SP635M-78H module enables the absorption of light from both the front and

Risen 620W solar panels are built for distributors, EPCs, and installers who want real-world kWh with simple, low-risk engineering. The n-type TOPCon half-cell platform with a bifacial, dual-glass structure captures extra rear-side light and keeps output stable in heat and low light, helping you.

The JA Solar 620W Bifacial Solar Panel is an advanced solution for maximizing your solar generation capacity, perfect for both residential and commercial applications. Engineered with cutting-edge bifacial technology, this panel

delivers superior efficiency by capturing sunlight on both the front.
