

## ContainerPower Energy Solutions

# 65W solar all-in-one light

## Overview

---

What is an all-in-one solar street light?

The all-in-one solar LED light is a sustainable, low-maintenance, and cost-effective lighting solution. > [Click here to view detailed answer.](#) Anern SLZ all-in-one solar street light integrates high-power solar panels, large-capacity batteries, high-brightness Bridgelux LED chips, and so on. 40w, 60w, 80w, 100w, 120w, 150w for your choice.

What is anern solar LED street lights?

Anern Solar LED street lights are a solar solution that replaces traditional street lights by combining solar energy and LED light sources. Solar panel street lights can not only meet the basic functions of lighting, but they can also provide brightness that can reach 2-3 times the brightness of the traditional ones.

What are the optical features of anern solar street lights?

As a professional solar street light company, Anern solar street lights feature optical designs with wide illumination angles, high-efficiency LEDs, and potentially motion sensors for optimized light distribution and energy efficiency. Here's a more detailed look at the optical features of this integrated solar LED street light: LifePo4 Battery.

How much does a solar street light cost?

This integrated solar street light is available in four power options. Select from 60W, 80W, or 100W LED power. Sold with necessary components to mount onto an existing 3 inch diameter pole. This compact, easy to install LED area light can mounted to the top of a pole, or on to a 3" diameter light arm. Prices from \$1,079.99.

Why should you choose anern all-in-one solar lamps?

Anern all-in-one solar lamps can be used in various industries. With high

brightness, long lighting time and the ability to reduce maintenance costs, all-in-one street light is the best choice for government projects as well as community lighting projects.

How SLZ all-in-one integrated solar street light works?

3 lighting modes of the solar LED street light all-in-one can be flexibly switched by remote control. 140° wide lighting angle. Photocell control, microwave motion sensor control, and remote control, more than 8m sensing distance. The photoelectric conversion efficiency of SLZ all-in-one integrated solar street light series is more than 22%.
