# Are there any 5G base stations in Ireland

## Overview

---

Where is 5G available in Ireland?

Since 2019, several mobile operators have started rolling out 5G networks throughout Ireland. As of October 2020, there are 5G networks available in the major Irish cities and towns (Dublin, Cork, Galway, Wexford, Waterford).

Does eir have a 5G network in Ireland?

Eir, Ireland's Incumbent telecommunications provider, operate a 2G to 5G network in the country. Eir use Huawei as their 5G and modern 2G to 4G RAN vendor. Some flagship 5G sites and configurations are shown below. An Eir rooftop 5G mast with Huawei 5G Active Antenna Unit (AAU), Huawei six band passives and respective Remote Radio Units visible.

Which 5G network is the fastest in Ireland?

As of 2025, Three Ireland boasts over 92% 5G coverage, making it the fastest and most consistent 5G network in the nation. Eir and Vodafone are also making significant strides, with Eir offering 5G services to over 74% of the population and Vodafone providing coverage in selected areas across all 26 counties.

Will Ireland achieve 5G coverage by the end of 2025?

Looking ahead, Ireland aims to achieve virtually nationwide 5G coverage by the end of 2025. Innovations such as 5G Standalone networks are being introduced, offering dedicated 5G core networks that enhance speed, reduce latency, and support advanced features like network slicing.

Does Virgin Mobile offer 5G in Ireland?

Although mobile phone operators like Virgin Mobile and many SIM-only providers use the three major networks to provide mobile services, they do not offer any 5G services in Ireland yet. Are 5G mobile phones worth it?

It depends on how you use your mobile phone.

What if I Can't get 5G in Ireland?

As with 4G, rural and remote areas of Ireland are less likely to get decent 5G coverage but 5G networks are continuing to roll out across the country. So, if you can't get 5G now, it's likely you'll be in a 5G area within the next couple of years.
