Belize Green New Energy solar Site

Overview

The deal paves the way for the construction of a 15-megawatt (MW) utility-scale solar plant with a 1.5MW battery energy storage system in the northern Corozal District. Once completed, the project is expected to help reduce the country's overall electricity costs.

The deal paves the way for the construction of a 15-megawatt (MW) utility-scale solar plant with a 1.5MW battery energy storage system in the northern Corozal District. Once completed, the project is expected to help reduce the country's overall electricity costs.

Belize is advancing its transition to renewable energy with the signing of a major power purchase agreement between Belize Electricity Limited (BEL) and Blair Athol Power Company Limited. The deal paves the way for the construction of a 15-megawatt (MW) utility-scale solar plant with a 1.5MW.

The remote, but vibrant, community of Corazon Creek in the Toledo District has entered the era of renewable energy, with the launch of the Solar Photovoltaic (PV) Project. This groundbreaking initiative is the result of a successful collaboration between Belize Electricity Limited (BEL), CDW.

There's good news on the horizon for Belizeans; lower electricity bills could be coming soon! That's thanks to a major leap toward energy independence: Belize's first utility-scale solar power plant is officially in the works, which will provide Belize with fifteen megawatts of power. For years.

By Belize Live News Staff: A game-changing energy deal has been signed. Belize Electricity Limited (BEL) and Blair Athol Power Company Limited (BAPCOL) have officially entered into a historic Power Purchase Agreement (PPA) to develop Belize's first utility-scale solar plant, slated to come online.

Belize Electricity Limited (BEL) and Blair Athol Power Company Limited (BAPCOL) are proud to announce the signing of a landmark Power Purchase Agreement (PPA) for the development of a 15 MW utility-scale solar plant with a 1.5 MW / 3 MWh Battery Energy Storage System (BESS)¹, which will be located.

Belmopan, Belize, March 17, 2025 - IFC, a member of the World Bank Group, is supporting the Government of Belize in attracting a private investor to build a utility-scale solar plant aimed at improving the country's energy security and affordability for about 20,000 households while also boosting.
