Black Mountain Small Energy Storage

Overview

Black Mountain Energy Storage aims to develop utility scale energy storage solutions uniquely positioned to provide key grid reliability services required to support the integration of intermittent renewable resources. Who is Black Mountain Energy Storage?

Leveraging cumulative decades of electric market experience, Black Mountain Energy Storage develops powerful, flexible, and strategically placed battery energy storage projects to foster a resilient electric grid. BMES' quickly expanding team of energy experts are fast actors in pipeline development of utility-scale energy storage solutions.

Can Black Mountain Energy Storage build a battery energy storage facility?

Black Mountain Energy Storage is currently seeking to lease or purchase land to build battery energy storage facilities. A property needs to be at least 5-10 acres and located near or adjacent to existing electric transmission infrastructure in order to comfortably accommodate a battery energy storage facility.

Who is Black Mountain?

Agile, visionary, and well-funded, Black Mountain is an entrepreneurial community of energy operators that specialize in identifying and capturing high-growth opportunities in the global energy sector. Collectively, we have decades of expertise in sourcing, developing, and operating assets worldwide with a track record of delivering strong returns.

Does Black Mountain Energy have a seismic project in the Canning Basin?

Black Mountain Energy completes seismic line clearing activities at its Valhalla project in the Canning Basin. The company will now look to begin seismic data acquisition work, with a planned Odin 2D seismic program to result in 130 kilometers of additional data.

What happened to Black Mountain Energy's Valhalla gas project?

Black Mountain Energy (BME) reportedly achieved several key milestones for its Valhalla gas project during the June quarter — its second quarter since listing on the ASX. The company was admitted to the official list of the ASX on December 23, 2021 after completed an IPO which raised \$11 million.

What is Black Mountain Oil & Gas doing with Korea National Oil Corporation?

Black Mountain Oil and Gas is pleased to announce the signing of a Memorandum of Understanding with Korea National Oil Corporation, to explore potential collaborations and partnerships. Black Mountain Energy has agreed to acquire 100% of Earthstone Energy's interest in an existing oil and gas field in the Permian Basin in New Mexico.
