

## ContainerPower Energy Solutions

# Bulgarian company engaged in lithium battery energy storage

## Overview

---

Bulgarian renewables developer Sunterra RE has commissioned a 47 MW / 94 MWh battery energy storage system (BESS) at its Kaloyanovo solar power plant, near Plovdiv, in southern Bulgaria. The newly operational system comprises 23 lithium iron phosphate (LFP) battery units.

Bulgarian renewables developer Sunterra RE has commissioned a 47 MW / 94 MWh battery energy storage system (BESS) at its Kaloyanovo solar power plant, near Plovdiv, in southern Bulgaria. The newly operational system comprises 23 lithium iron phosphate (LFP) battery units.

A 47 MW battery system at Kaloyanovo has been commissioned by Sunterra RE, the first of three in a plan. Bulgarian renewables developer Sunterra RE has commissioned a 47 MW / 94 MWh battery energy storage system (BESS) at its Kaloyanovo solar power plant, near Plovdiv, in southern Bulgaria. The.

Bulgaria-based International Power Supply (IPS) is opening a factory for battery energy storage systems, using proprietary technology. The Exeron X-BESS is one of only six strategic projects in the European Union with a designation under the Net Zero Industry Act. Minister of Economy and Industry.

The facility became operational in early June 2024, following the installation of Hithium's 16 energy storage containers. The Hithium BESS project in Razlog, Bulgaria. Credit: Hithium / Business Wire. Hithium has launched a 55 megawatt hours (MWh) battery energy storage system (BESS) project in.

Bulgaria has officially inaugurated the largest battery energy storage system (BESS) in the Balkans, boasting a capacity of 496.2 MWh. This groundbreaking facility, located in Lovech, is set to enhance the stability of the national energy grid and support the country's transition to renewable.

Minister of Energy Zhecho Stankov, Lovech, Northern Bulgaria, May 22, 2025 (BTA Photo/Svetlomira Anastasova) Energy Minister Zhecho Stankov inaugurated the EU's largest local power-storage facility in Lovech, the Energy Ministry press service said on Thursday. The site offers almost 500.

Bulgaria's energy minister Zhecho Stankov on Thursday inaugurated what is described as the largest battery energy storage installation currently in operation across the EU -- a nearly 500-MWh system. Bulgaria's Energy Minister Zhecho Stankov at the battery opening. Image: Ministry of Energy of the. What is the largest battery storage system in Bulgaria?

EU's largest battery storage system inaugurated in Bulgaria, ceenergynews. Largest battery storage system in Balkans commissioned in Bulgaria, Balkan Green Energy News. Bulgaria opens EU's largest battery energy storage facility, bne IntelliNews. Bulgaria inaugurates 496 MWh battery system - pv magazine International, pv magazine International.

How many battery containers are there in Bulgaria?

The facility consists of 111 battery containers and was developed by Advance Green Energy. It aims to stabilize the energy grid and ensure price predictability for consumers. The project is part of Bulgaria's broader goal to achieve 10 GWh of battery storage capacity by next year.

Will Bulgaria achieve 10 GWh of battery storage capacity by next year?

The project is part of Bulgaria's broader goal to achieve 10 GWh of battery storage capacity by next year. The newly inaugurated battery storage system is strategically located next to a photovoltaic park within the Balkan Industrial Park in Lovech.

Why should Bulgaria Invest in the Lovech Bess?

As Bulgaria continues to invest in energy storage and renewable technologies, the Lovech BESS stands as a testament to the country's efforts to modernize its energy infrastructure and ensure a sustainable energy future for its citizens.
