ENERGY STORAGE SYSTEM

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

Overview

The Government of Burkina Faso has signed a Public-Private Partnership (PPP) agreement with a local developer and a Dutch clean energy investment firm to develop a major solar and battery storage system.

The Government of Burkina Faso has signed a Public-Private Partnership (PPP) agreement with a local developer and a Dutch clean energy investment firm to develop a major solar and battery storage system.

The project is earmarked to deliver 150MWp of solar PV power integrated with a 50MW battery energy storage system (BESS) The Government of Burkina Faso has signed a Public-Private Partnership (PPP) agreement with a local developer and a Dutch clean energy investment firm to develop a major solar.

Dutch developer Gutami Holding has signed a 25-year power purchase agreement with Burkina Faso's national utility to supply electricity from a planned 150 MW solar project paired with 50 MWh of storage. The government of Burkina Faso has formalized a public-private partnership with.

Dutch Gutami Holding BV and partners signed key energy deals with Burkina Faso and SONABEL, boosting West Africa's renewables. In a landmark move for West Africa's renewable energy landscape, Dutch Gutami Holding BV and its local development partner have officially signed a Public-Private.

The government of Burkina Faso recently reached a public-private partnership with the Dutch company Gutami Holdings to jointly develop and construct a 150 megawatt solar photovoltaic power generation project, and to build a 50 megawatt hour battery energy storage system. The project has obtained.

Ouagadougou, July 29, 2025 – Independent renewable energy company Qair announces today it has secured a €17.2 million loan package to finance its 18 MW solar energy project in Burkina Faso, near Dédougou. The financing was arranged by FMO – the Dutch entrepreneurial development bank, which.

Ouagadougou has invited international bidders to submit prequalification

documents for two greenfield, solar storage projects, backed by funding from the World Bank Group and the Clean Technology Fund. African Energy takes a closer look at the projects and the impact they could have on the Société.
