Qui sommes-nous ?

Fondée en 2020 avec une mission claire : rendre l'énergie solaire accessible à tous au Burkina Faso. Notre premier projet majeur en 2021 a permis d'installer des systèmes solaires hors réseau dans les zones.

In a groundbreaking step toward a sustainable future, Burkina Faso has inaugurated West Africa's first solar panel factory, the Faso Energy Solar Panel Factory. This state-of-the-art, \$50 million facility is set to produce 200,000 solar panels annually. It promises to enhance the country's energy.

The Faso Energy solar panel production unit is located in the industrial zone of the Kossodo district of Ouagadougou. There, the latest generation machines of European origin cover the entire production chain. Burkina Faso is leading the way in renewable energy in West Africa. However, this wasn't.

Background: Why Burkina Faso is a key market Burkina Faso's electrification rate is among the lowest in West Africa. In rural provinces, less than 20% of households have grid access. The government and donors are pushing solar street lights as a fast, visible way to improve safety in towns.

Nous avons développé un savoir-faire sur la conception et la fabrication de toutes les étapes de la chaîne de valeur : lingots, briques, wafers, cellules et modules. Nous sommes à votre disposition pour vous aider à choisir

l'accessoire solaire qui vous correspondra le mieux. Vous trouverez.

ENF Solar is a definitive directory of solar companies and products. Information is checked, categorised and connected. Company profile for solar panel manufacturer Faso Energy - showing the company's contact details and products manufactured.
