

ContainerPower Energy Solutions

Canadian custom lithium battery pack

Overview

Who makes custom lithium-ion battery packs?

As a pioneer in future-ready power solutions, CMB is your trusted partner for custom lithium-ion battery packs. CMB's 21700 Li-ion battery packs offer advanced lithium-ion battery technology in compact and high-energy-density packaging. They provide superior power and longevity suitable for various applications.

What is a lithium battery pack design?

The process encompasses basic and advanced lithium battery pack design features, each tailored to meet specific requirements. This includes intrinsically safe designs for harsh environments, custom battery chargers, custom molded enclosures up to IP68 for extreme protection, and complex battery management systems to ensure safety and longevity.

How can CANBAT help you build a custom battery pack?

Experienced engineers can help you build custom battery packs for your specific energy storage needs. Canbat is a Canadian battery company specializing in deep cycle and backup applications. Our line of products include sealed lead-acid (SLA), lithium iron phosphate (LiFePO₄) and lead-carbon batteries.

Why should you choose CMB for a custom lithium-ion battery pack?

Whether for small or large orders, we offer competitive pricing and on-time delivery. As a pioneer in future-ready power solutions, CMB is your trusted partner for custom lithium-ion battery packs. CMB's 21700 Li-ion battery packs offer advanced lithium-ion battery technology in compact and high-energy-density packaging.

What is a custom battery pack assembly service?

CMB's custom battery pack assembly services involve evaluating battery

chemistries, casing design, and management systems based on customer needs. The process encompasses basic and advanced lithium battery pack design features, each tailored to meet specific requirements.

Do you need a custom enclosure for a battery pack?

Should your battery pack require a custom enclosure, BBM Battery offers the latest in both plastic and battery welding technologies. We also offer the more common version of shrunk wrapped battery packs with custom termination. Whether small or large production runs, BBM Battery can provide a solution for your custom batteries.
