Double glass module purchase

Overview

What is a double glass module?

Double glass module contains two sheets of glass, whereby the back sheet is made of heat strengthened (semi-tempered) glass to substitute the traditional polymer backsheets. With * Corresponding author. Tel.: +86 13776101913; fax: +86 51268961413.

What is double glass PV module?

Double glass PV module is known as the ultimate solution for the module encapsulation technique. Although double glass modules have many advantages, they are not yet widely used in photovoltaic power plants, for which one important reason is the large power loss due to the transmission of light in the cell gap region.

Who makes 210 N type bifacial double glass module series?

210 N type Bifacial Double Glass Module Series offered by China manufacturer ZNSHINE PV-TECH Co.,Ltd. Buy 210 N type Bifacial Double Glass Module Series directly with low price and high quality.
