

## ContainerPower Energy Solutions

# Energy Storage Inverter Intelligent Universal Dual Voltage

## Overview

---

High-efficiency 10kW pure sine wave inverter with dual 110V/220V AC output, IP65-rated enclosure for dust/water resistance, and industry-leading 93% conversion efficiency. Seamlessly integrates with all 48V battery systems and supports surplus energy resale to the grid.

High-efficiency 10kW pure sine wave inverter with dual 110V/220V AC output, IP65-rated enclosure for dust/water resistance, and industry-leading 93% conversion efficiency. Seamlessly integrates with all 48V battery systems and supports surplus energy resale to the grid.

The Fortress Power Envy Duo 21 is a powerful 48V hybrid inverter designed to handle demanding residential and light commercial energy needs. With a maximum PV input of 25kW and dual-phase compatibility (240V split-phase and 208V three-phase), it delivers 12kW of continuous backup output power.

SigenStor is an AI-optimized 5-in-one energy storage system that brings your solar dream to reality, helping you achieve energy independence with maximum efficiency, savings, flexibility and resilience. Fully integrated. Integrating Solar Inverter, EV DC Charger, Battery PCS, Battery Pack, and EMS.

is the new generation of intelligent PV system monitoring. This new monitoring platform will empower you like never before. is applied in PV systems to achieve power line communication. Power Line Communication is transmission of data over the AC Wires of the system. is the new generation of.

10kW pure sine wave inverter: 110V/220V dual voltage, IP65 protection, 99.9% efficiency. Supports grid-tied energy resale and universal 48V battery compatibility. Reliable power conversion for industrial and renewable energy systems. High-efficiency 10kW pure sine wave inverter with dual 110V/220V.

The MPSG-D Series ESS all-in-one stackable energy storage system is a highly efficient, modular, and integrated energy solution that meets the needs of both residential and commercial users. Seamlessly combining a hybrid solar

inverter and lithium battery storage, it provides a reliable, scalable.

Maximize energy independence with our 10KW Stackable All-in-One Solar Power System, featuring a modular 15-64KWH LiFePO4 battery and hybrid inverter. Built for scalability, efficiency, and longevity, this system includes 160A MPPT solar charging, AC backup, 80% DOD, and smart BMS. Certified safe.
