

ContainerPower Energy Solutions

Factory-manufactured container energy storage base stations

Overview

What is a containerized battery energy storage system?

Our's Containerized Battery Energy Storage Systems (BESS) offer a streamlined, modular approach to energy storage. Packaged in ISO-certified containers, our Containerized BESS are quickly deployable, reducing installation time and minimizing disruption.

What is a mobile energy storage system?

On the construction site, there is no grid power, and the mobile energy storage is used for power supply. During a power outage, stored electricity can be used to continue operations without interruptions. Maximum safety utilizing the safe type of LFP battery (LiFePO₄) combined with an intelligent 3-level battery management system (BMS);.

What is energy storage container?

SCU uses standard battery modules, PCS modules, BMS, EMS, and other systems to form standard containers to build large-scale grid-side energy storage projects.

How can a mobile energy storage system help a construction site?

Integrate solar, storage, and charging stations to provide more green and low-carbon energy. On the construction site, there is no grid power, and the mobile energy storage is used for power supply. During a power outage, stored electricity can be used to continue operations without interruptions.

What is industrial battery storage?

This industrial size battery storage system lowers capacity and demand charges through peak shaving and valley filling, enabling peak and valley arbitrage, shifting peak electricity usage, boosting investment returns, reducing grid pressure, and ensuring reliable backup power with its robust industrial battery storage container design.

What is FPR energy storage?

The FPR energy storage system stands as an optimal fusion of performance, safety, and enduring reliability. Its success is evident, with an impressive cumulative capacity exceeding 3 gigawatt-hours (3GWh), encompassing operational, under construction, and developmental projects worldwide.
