

ContainerPower Energy Solutions

Finnish rack-mounted energy storage battery cabinet brand

Overview

KonkaEnergy Cabinets & Racks Collection - Engineered for secure and efficient energy storage, our battery cabinets and racks provide robust solutions for commercial and industrial applications.

KonkaEnergy Cabinets & Racks Collection - Engineered for secure and efficient energy storage, our battery cabinets and racks provide robust solutions for commercial and industrial applications.

Finland might be famous for saunas and Santa Claus, but it's quietly becoming Europe's secret weapon in photovoltaic (PV) energy storage. With companies like Wärtsilä and Merus Power leading the charge, Finland's mix of innovation and Nordic practicality is reshaping how we store renewable energy.

The RUIXU 50kWh Lithium Battery Kits are high-performance, rack-mounted energy storage solutions designed for residential, commercial, and off-grid applications. Built with advanced LiFePO₄ technology, these systems provide efficient, safe, and scalable power storage while seamlessly integrating.

KonkaEnergy Cabinets & Racks Collection - Engineered for secure and efficient energy storage, our battery cabinets and racks provide robust solutions for commercial and industrial applications. Designed for optimal performance, safety, and scalability, they ensure seamless integration with BESS.

The BSLBATT PowerNest LV35 hybrid solar energy system is a versatile solution tailored for diverse energy storage applications. Equipped with a robust 15kW hybrid inverter and 35kWh rack-mounted lithium-ion batteries, the system is seamlessly housed in an IP55-rated cabinet for enhanced protection.

Our Rack type Energy Storage system stands as a pinnacle of innovation, characterized by a standardized design implemented in both 3U and 4U cases, ensuring versatile applicability across diverse settings. With an enhanced energy capacity, it accommodates multiple parallel battery configurations.

According to different requirement of customer, ELB Rack energy storage system are mainly used in off-grid/on-grid energy storage systems for household and commercial use, the modular design can reach from 5KWH to 300KWH. The system has Configured RS485 and RS232 communication port, which can.
