

ContainerPower Energy Solutions

High frequency 1kW inverter

Overview

Feature

- ◆ Adopt high-frequency design, high power density, small size, high efficiency and low no-load loss
- ◇ Built-in MPPT controller, integrated solar charging and mains complement design
- ◆ Pure sine wave output, adaptable to any types of loads;
- ◇ Battery charge and discharge voltage parameters adjustable, suitable for different types of batteries;
- ◆ AC charge current adjustable, battery capacity configuration more flexible;
- ◇ Three working modes adjustable: AC first, battery first, PV first;
- ◆ Output voltage/frequency adjustable function, adapt to different grid environment;
- ◇ Extra wide voltage and frequency input range, support mains or generator;
- ◆ LED+LCD display, easy operation and data checking, can set each function and data directly;
- ◇ Multi-protection function (overload, over temperature, short circuit protection and so on);
- ◆ RS485 communication port/APP optional.
