How much does a Cambodian PV container cost

Overview

Short version: From 2024, it costs between \$2,800 and \$5,500 to ship a 20-foot container of solar panels around the world, depending on origin, destination, fuel prices, and demand. The 40-foot container, which is the one used for larger installations, ranges from \$4,500 to \$8,000.

Short version: From 2024, it costs between \$2,800 and \$5,500 to ship a 20-foot container of solar panels around the world, depending on origin, destination, fuel prices, and demand. The 40-foot container, which is the one used for larger installations, ranges from \$4,500 to \$8,000.

Let's face it: Cambodia's solar panel price remains 20-30% higher than in neighboring Vietnam or Thailand. But why?

Well, three factors dominate: import dependence, fragmented supply chains, and limited financing options. Over 80% of photovoltaic systems here rely on Chinese or European imports.

Whether you're a solar startup importing your first bulk order from Shenzhen or a do-it-yourselfer outfitting a container home in the Arizona desert, the cost of shipping solar panels in a container is more than just a line item — it can make or break your project budget. This guide is designed.

Shipping a 20-foot container to Cambodia typically costs \$4,900–\$9,100; the final price depends on the origin port and load volume. Delivery to Cambodia averages 5–9 weeks, including sea transit, customs clearance, and final-mile transport to inland destinations. All shipments are handled by.

On average, there are 2490 hours of sunlight per year (out of a possible 4,383). 1 The average annual yield of a utility-scale solar energy installation in Cambodia is 1,600 kWh/kWp per year. 2 As of January 14, 2025, the electricity price in Phnom Penh, Cambodia, stood at \$0.19 USD per kWh. 3.

Phase I of the National Solar Park in Cambodia, with a capacity of 60 MW, recently completed construction and connected to the national grid, reaching a record-low price for utility-scale, grid-connected solar PV in

Southeast Asia at \$0.039 per kWh. How much does solar PV cost in Phnom Penh?

Near-term.

The following charts display the Cambodia container shipping rates to and from the port city of Sihanoukville.
