

ContainerPower Energy Solutions

Huawei Congo commercial energy storage products

Overview

Huawei's C&I storage systems are certified for both low voltage and medium voltage grid connection and are redefining the ESS landscape, together with the LUNA2000 series and with Smart PCS LUNA2000-100KTL-M1 100 kW converter. What is Huawei C&I storage?

Huawei's C&I storage systems are certified for both low voltage and medium voltage grid connection and are redefining the ESS landscape, together with the LUNA2000 series and with Smart PCS LUNA2000-100KTL-M1 100 kW converter. Offering innovative battery management solutions, Huawei has placed emphasis on safety and performance optimization.

What makes Huawei a good battery management company?

Offering innovative battery management solutions, Huawei has placed emphasis on safety and performance optimization. Batteries are the heart of every storage system and are also subject to risks such as over- and under-discharge or over- and under-temperature.

How many machines can be installed in a Huawei C&I system?

These storage systems are very flexible, up to 5 machines can be installed in the same system, in this way there is scalability from approximately 97 to 970 kWh in steps of 30 kWh. The combination with string inverters from the Huawei C&I segment occurs naturally with a single supervision system.

What are the advantages of Huawei hybrid cooling system?

Huawei's IPD, LTC, and four core processes ensure top-quality performance throughout the product lifecycle. Increased energy efficiency with lower maintenance costs. The unique hybrid cooling system achieves a round trip efficiency (RTE) of 91.3% or higher. 01. Unique hybrid cooling 02. Unique dual-loop heat dissipation design 03.

What services does Huawei offer for solar business owners?

We offer extended services for solar business owners, including technical support, device maintenance, and spare parts replacement. Join Huawei's Smart PV Community as an installer for tailored support, resources, online courses, redeemable points, training, and collaboration opportunities to enhance your services and customer satisfaction.

Is quality the life of Huawei?

“Quality is the life of Huawei, and it is directly related to Huawei's survival.” Huawei's IPD, LTC, and four core processes ensure top-quality performance throughout the product lifecycle. Increased energy efficiency with lower maintenance costs. The unique hybrid cooling system achieves a round trip efficiency (RTE) of 91.3% or higher. 01.
