IP65 portable power bank

Overview

Can I use a power bank to charge my laptop?

No problem, just use your power bank. The Goal Zero Venture 75 19200mAh Outdoor Portable Charger is perfect for outdoor living because it can power almost all of your small electrical devices (including laptops) and can be recharged using solar panels.

Which power bank charger should I buy?

If there is a chance your power bank will become submerged, then this is the one you want. The Powerness U36 10050mAh Power Bank Charger with LED is perfect for day trips and keeping in your backpack on hikes. The new carabiner fastener also means you can fasten it to your backpack if using it with a solar charger.

Can I charge my GoPro with a power bank?

This power bank can utilize USB-C charging input and output for iPhone, Android, and other compatible devices like GoPro. It also supports Qi wireless charging and is Qi wireless certified with up to 10W of power delivery. Save the Tax with the credit card.‡.

What is a powerness U36 10050 mAh power bank Charger?

The Powerness U36 10050mAh Power Bank Charger with LED is perfect for day trips and keeping in your backpack on hikes. The new carabiner fastener also means you can fasten it to your backpack if using it with a solar charger. Built to handle drops and falls, the rubber edging protects the most vulnerable areas and can take a real beating.
