What is an inverter charger?

An inverter charger is a device that converts DC power from batteries to AC power, while also charging the batteries. All our Inverter Chargers from Sunshine Solar are pure sine wave inverters and generate an output voltage wave form that has a very low harmonic distortion, similar to mains supplied electricity.

Which power inverter chargers are available?

Inverters R Us carries a full line of power inverter chargers, including those manufactured by: Aims, Go Power!, KISAE, Magnum Energy, Samlex America, Spartan Power, Tripp Lite and Xantrex. Inverter chargers typically have a built in transfer switch that will sense when you are plugged into an AC source such as shore power or a generator.
