Japan s energy storage power station connected to the grid

Overview

Kansai EPCO entered grid-scale storage with the 48MW/113MWh Kinokawa Power Storage Station in Wakayama Prefecture, which it commissioned jointly with Orix in December 2024.

Kansai EPCO entered grid-scale storage with the 48MW/113MWh Kinokawa Power Storage Station in Wakayama Prefecture, which it commissioned jointly with Orix in December 2024.

Nippon Chikudenchi commissioned its first grid-scale battery storage facility on May 7, 2025, the company announced on the same day. According to the statement, Sun Village handled the project's engineering, procurement, and construction (EPC). The 2MW/8MWh Kasugai Nishio Power Storage Station in.

Japan Petroleum Exploration Co., Ltd. (JAPEX) announces that it has started construction of its first grid-scale battery (*1) facility (hereinafter the "Battery Energy Storage System") on the unused land of its Research Center in Chiba City, Chiba Prefecture, and entries into the Grid-scale battery.

Osaka, Japan — Kansai Electric Power Co., Kinden Corporation, and Japan Excellent Infrastructure (JEXI) have announced plans to build one of Japan's largest grid-connected battery storage facilities in Misaki Town, Osaka Prefecture. The Tannowa Battery Plant will feature an output capacity of 99 MW.

GSSG Chikuden secures a \$400 million investment from Vision Ridge Partners to develop utility-scale battery storage across Japan. This strategic move aims to fortify the nation's grid, integrate more renewables, and accelerate decarbonization efforts. The sun rises over Japan, illuminating a nation.

The large-scale energy storage facility "EV Battery Station Chitose" in Hokkaido, began operations in 2023. This facility aims to stabilize the electric grid in Hokkaido and is significant in marking the creation of a new business model for energy storage pioneered by Sumitomo Corporation. Today we.

Kansai Electric Power, its group company Kinden, and Japan Extensive

Infrastructure (JEXI) will jointly develop a 99MW/396MWh battery storage facility at the former Tanagawa Power Station site in Misaki Town, Osaka Prefecture. According to the company's May 7, 2025, statement, Tanagawa Power.
