

## ContainerPower Energy Solutions

# Liquid Cooling Energy Storage System Manufacturer

### Battery String-S224

- 1C Charge/Discharge
- Easy configuration and maintenance
- Power supply can be single battery string or parallel battery strings

## Overview

---

Who manufactures Alphacool liquid cooling systems?

Alphacool is a German manufacturer that diversified into producing liquid cooling systems for PCs. In the 90's, when liquid cooling became a trend, many companies were founded focused on the design and supply of PC-specific liquid cooling systems. One of these companies was Alphacool.

What is a liquid-cooled Bess system?

The liquid-cooled BESS—PKENERGY next-generation commercial energy storage system in collaboration with CATL—features an advanced liquid cooling system for heat dissipation.

What is a data center waterless cooling solution?

End-to-end data center waterless cooling solutions across North America and Europe. ThermalWorks is the first ultra-efficient waterless cooling solution designed to support high density AI loads. Gigawatt-scale manufacturing capacity is available now.

What is Motivair cooling?

As a trusted partner of leading silicon manufacturers and server OEMs, Motivair delivers cooling technology that enables breakthroughs in artificial intelligence and high-performance computing, as well as increased performance and reliability for colocation and hyperscale data centers.
