

ContainerPower Energy Solutions

Luxembourg lithium battery inverter custom manufacturer

Overview

Who is Lithium Power?

Welcome to Lithium Power, Inc., Your premier choice for cutting-edge lithium battery design and manufacturing solutions. With an unwavering commitment to innovation, LPI is revolutionizing the mobile/portable energy and energy storage industries one battery at a time.

Where are our lithium batteries made?

Our lithium batteries are the lightest on the market while possessing an extraordinary high energy density. Our batteries are manufactured in Annonay (Ardèche, France) in partnership with local suppliers in order to guarantee you qualitative products as well as controlled budget.

What is a battery storage inverter?

At its core, this battery storage inverter harmonizes the dynamic interplay between photovoltaic panels and energy storage units, ensuring efficient energy conversion and management. This innovative inverter allows AC coupling connections with existing solar setups, facilitating additional energy backup sources.

What is a Tigo battery storage inverter?

Integrated with Tigo optimizer, it ensures optimal sun power harvesting, adapting to diverse weather conditions or shading scenarios. At its core, this battery storage inverter harmonizes the dynamic interplay between photovoltaic panels and energy storage units, ensuring efficient energy conversion and management.
