

## ContainerPower Energy Solutions

# Luxembourg s new energy storage policy

## Overview

---

Implemented in Q1 2024, the policy mandates: Key Innovation: The city now treats energy storage as public infrastructure, similar to water pipes or fiber optic networks. This paradigm shift enables centralized management of distributed storage resources.

Implemented in Q1 2024, the policy mandates: Key Innovation: The city now treats energy storage as public infrastructure, similar to water pipes or fiber optic networks. This paradigm shift enables centralized management of distributed storage resources.

rgy and climate objectives by 2030. Submitted to the European Commission, this roadmap aims to reduce greenhouse gas emissions by 55%, increase renewable energy sources to 25% of the energy mix, and solution; Masdar | Energy Storage. The average price of a lithium-ion battery pack is down to.

Luxembourg's integrated national energy and climate plan (PNEC) is an important element of the Grand Duchy's climate and energy policy. It sets out the national climate and energy objectives for 2030, as well as the policies and measures needed to achieve them. The measures apply to six sectors.

With a 20-point roadmap to scale electricity storage, the Grand Duchy is opening doors for innovation in grid flexibility, home energy systems, and smart infrastructure. The strategy, announced on 9 July, aims to maximise the added value of storage batteries for end consumers and the electricity.

On Wednesday 9 July 2025, Luxembourg's Minister of the Economy, SMEs, Energy and Tourism, Lex Delles, presented the strategic roadmap for the promotion and development of electricity storage batteries in Luxembourg: "Späicherstrategie Lëtzebuerg". This strategy outlines the role of storage.

Luxembourg city s energy storage policy is favorable Luxembourg city s energy storage policy is favorable Is Luxembourg ready for a low-carbon economy?

Luxembourg is targeting a sharp reduction in emissions by 2030, but new

measures are needed to boost investment in renewables and energy.

Why a dedicated strategy for battery storage?

Thank you! THANK YOU! value.
