What is Mobile Energy Solutions?

Going strong since 1997. For more than two decades, Mobile Energy Solutions has been providing portable compressed natural gas (CNG) and liquified natural gas (LNG) to America's businesses anytime, anywhere. is not an option. Gas outages happen. And interrupted gas service can dramatically impact business productivity.

What is mobile energy's design philosophy?

Our design philosophy focuses on service and mobility with each unit custom designed to your exact specifications. Mobile Energy Inc. is one of North America's premier suppliers of mobile substations, specializing in designing and manufacturing light weight compact units. Our products feature superior functionality, enhanced safety and convenience.

Why is mobile energy storage a stranded asset?

Stationary storage lacks flexibility, suffers from low utilization and from the risk of becoming a stranded asset. Power Edison addressed these issues by developing mobile energy storage platforms: TerraCharge™ and AquaCharge™ for mobile land-based and water-based mobile energy storage respectively.
