# Moldova Backup Power Storage Project

## Overview

---

The Republic of Moldova will install a 75 MW energy storage system (BESS) and 22 MW internal combustion engines as part of a project funded by the U.S. Government through USAID. The Ministry of Energy has announced that a tender has been launched for this purpose.

The Republic of Moldova will install a 75 MW energy storage system (BESS) and 22 MW internal combustion engines as part of a project funded by the U.S. Government through USAID. The Ministry of Energy has announced that a tender has been launched for this purpose.

Moldova will purchase a state-of-the-art Battery Energy Storage System (BESS) with a capacity of 75 MW and internal combustion engines (ICE) with a capacity of 22 MW to strengthen the country's energy security. The United States Agency for International Development (USAID), through the Moldova.

Moldova will buy a Battery energy storing system (BESS) of the last generation, with a capacity of 75 MW, as well as internal combustion engines (ICE) with a capacity of 22 MW. This will help the country consolidate its energy security. The process of tendering for the purchasing of the energy.

The procurement aims to improve the reliability of Moldova's grid, facilitate energy trade with neighboring Romania and Ukraine, and support the integration of locally produced renewable energy. The Ministry of Energy of the Republic of Moldova has launched a tender for 75 MW of battery energy.

The US will invest €78.6 million in a large-scale battery energy storage system in Moldova to enhance the country's energy resilience. Secretary of State Antony Blinken announced up to €78.6 million for the installation of equipment that will help stabilize Moldova's electric power system, as part.

The US government has pledged to make a USD 85-million (EUR 78.3m) investment into Moldova's energy segment by supporting the deployment of large-scale battery energy storage capacity in the Eastern European country. Image by: Government of Moldova. The investment will be provided as part of a.
