Morocco Energy Storage Cabinet Investment

Overview

What is Morocco's energy storage testbed project?

The projects are spearheaded by the Moroccan Agency for Sustainable Energy (MASEN) and Morocco's national electricity company ONEE. On May 20, 2025, MASEN received financing approval from the World Bank for its "Morocco Energy Storage Testbed Project", aiming to enhance grid stability.

How is Morocco accelerating its energy transition?

Morocco is accelerating its energy transition by issuing a global call for expressions of interest to build two large-scale battery storage facilities. The projects are spearheaded by the Moroccan Agency for Sustainable Energy (MASEN) and Morocco's national electricity company ONEE.

How much did Morocco invest in a battery factory?

In June, the Moroccan government signed an investment agreement with Gotion for a battery factory with a total investment of 12.8 billion dirhams (\$1.3 billion) and an initial battery capacity of 20 GWh.

How much money will Gotion invest in Morocco?

On November 13, Gotion signed a memorandum of understanding with Moroccan investment agency CDG Group, which plans to invest 300 million euros (\$280 million) in the first phase of Gotion's Moroccan project, according to an announcement today.

Will CDG support Gotion's project in Morocco?

CDG, Morocco's largest public financial investment institution, will support Gotion's operations of the project in Morocco. The first phase of the project, which covers power batteries, energy storage batteries and cathode and anode materials, is expected to directly create more than 2,000 local jobs, Gotion said.

Why is Morocco partnering with gotion?

The partnership will help increase local energy storage levels and improve the energy mix in Morocco and Africa, Safir said. Gotion's project in Morocco is in line with the local strategy for the development of a sustainable transport ecosystem and paves the way for the Moroccan automotive sector to enter the era of electrification, he added.
