Outdoor power supplies for sale in Cape Verde

Overview

Does Cape Verde have power plugs?

On Cape Verde, power plugs and sockets (outlets) of type C and type F are used. The standard voltage is 220 V at a frequency of 50 Hz. Yes, you need a power plug travel adapter for sockets type C and F on Cape Verde. Do your power plugs fit on Cape Verde?

On Cape Verde, they use power sockets (outlets) of type C and F.

Do I need a power adapter in Cape Verde?

However, if your devices use a different plug type or are not compatible with the voltage in Cape Verde, you will need a power adapter and/or a voltage converter/transformer. The standard voltage in Cape Verde is 230 V, and the standard frequency is 50 Hz.

Does Cape Verde have a voltage converter?

Keep in mind that some electronic devices (e.g., smartphones, laptops, and cameras) have built-in voltage converters, allowing them to work with a range of voltages in Cape Verde and beyond. Always use a surge protector when charging your devices in Cape Verde to prevent damage from power fluctuations.

Should I use a surge protector when charging my devices in Cape Verde?

Always use a surge protector when charging your devices in Cape Verde to prevent damage from power fluctuations. When in Cape Verde, avoid using high-wattage devices (e.g., hair dryers, curling irons, and straighteners) without a proper voltage converter, as they can cause damage to your devices or the electrical system.
