Overview

Does Papua New Guinea have a new mobile operator?

SES and Vodafone. New mobile operator will boost further digital opportunities in PNG Luxembourg, 1 June 2022 – Papua New Guinea (PNG) now has a new mobile service provider to choose from as Digitec Communications Limited (t/a Vodafone PNG) and SES have partnered up to provide 4G and 5G high-speed mobile broadband services.

Who is Vodafone in PNG?

Having started services in April, Vodafone is the third largest and newest mobile operator in PNG. Its entry into PNG's telecommunications market addresses the demand among consumers and businesses for reliable high-speed connectivity and broadband Internet access.

Does Papua New Guinea have a mobile and Internet market?

“Papua New Guinea's mobile and internet market has enormous growth potential, but this has been hampered by geographical challenges, limited speed and connectivity choices. We are pleased to partner with SES to provide reliable high-bandwidth mobile connectivity of up to 5G speeds delivered through their MEO satellites.

Is png underserved?

With over 86% of its population residing in rural areas, much of PNG's population is still underserved despite an increase in internet penetration across the country at 15% and mobile connections at 34% as of January 2021. Having started services in April, Vodafone is the third largest and newest mobile operator in PNG.
