Peru Energy Storage Container Train

Overview

What is COSCO Shipping Chancay Peru terminal?

COSCO Shipping Chancay Peru Terminal, the Chinese shipping major's first green and smart port investment in South America, has commenced operation. Illustration purposes only. Courtesy of COSCO Shipping.

How will a direct container shipping route benefit South America?

By launching two direct container shipping routes connecting Shanghai and Chancay ports, the transit time for cargo from Peru to China will be reduced to just 23 days. Moreover, the introduction of a roll-on/roll-off (RoRo) service will facilitate the establishment of an automotive distribution center in South America.

Can onboard energy storage systems be integrated in trains?

As a result, a high tendency for integrating onboard energy storage systems in trains is being observed worldwide. This article provides a detailed review of onboard railway systems with energy storage devices. In-service trains as well as relevant prototypes are presented, and their characteristics are analyzed.
