Overview

Which solar inverters do you offer?

Our carefully selected inverters convert the direct current produced by the solar modules into alternating current. We offer grid inverters from proven manufacturers such as Delta, Fronius, Huawei, Kostal, LG ESS, SMA and Solar Edge.

How many employees does inverter have?

It is a company employing almost 500 employees with a high level of process automation. It is a brand present in 120 countries and the No. 1 brand in the Czech Republic in terms of market coverage and recognition, as well as one of the most frequently chosen inverter brands in Italy and Australia.

Where do Inverters come from?

All inverters come from the Polish distribution and have a manufacturer's warranty. The PVGroup.pl Group is an authorized seller of inverters of the above brands. We invite you to familiarize yourself with the proposed devices - choose relatively cheap, safe models that will be suitable for many different networks.
