Russian rechargeable energy storage battery assembly

Overview

Will Russian energy storage firm Renera invest in EV batteries?

June 23, 2023: Russian energy storage firm Renera says a special investment contract providing incentives and financial backing for domestic production of batteries for EVs and stationary storage systems was signed at the St Petersburg International Economic Forum on June 16.

Why is Russia a good place to buy a battery?

Russia is a country with a large number of battery manufacturers that play an important role in the global energy industry. From electric vehicle manufacturers to solar energy companies, these companies are constantly innovating to develop more efficient and environmentally friendly batteries.

Will Russia produce a prototype battery by the middle of the year?

The move follows Russia's claim last month that it will have produced prototype batteries by the middle of the year.
