

## ContainerPower Energy Solutions

# Sodium-ion battery cabinet

## Overview

---

What is a sodium ion battery?

A sodium ion battery is a relatively novel secondary battery that benefits from the similar physical and chemical properties of metallic sodium to lithium and the accumulation of people's experience in lithium ion battery research. Sodium ion battery technology has developed rapidly.

What is sodium ion technology?

Sodium-ion technology delivers tremendous power density with rapid discharge and recharge, is sustainably and ethically sourced, and is safe and completely nonflammable. The Blue Rack is powered by Natron's new Blue Pack © battery.

What is a bluerack 250 Battery Cabinet?

Scalable from Kw to multi-MW, the BlueRack™ 250 battery cabinet is a safe, high-powered solution you can count on. By employing breakthrough sodium-ion cells based on Prussian blue electrodes, the BlueRack 250 delivers the following benefits: Integrated battery cabinet solution. Our power battery cabinets are available now.

What is a 480 VDC battery cabinet?

Our 480 VDC Battery Cabinet is ready to ship. Scalable from Kw to multi-MW, the BlueRack™ 250 battery cabinet is a safe, high-powered solution you can count on. By employing breakthrough sodium-ion cells based on Prussian blue electrodes, the BlueRack 250 delivers the following benefits: Integrated battery cabinet solution.

Is natron sodium ion better than lithium?

Natron sodium-ion solutions outperform, are significantly safer, and are far more sustainable than lithium-ion options. Who is Natron Energy?

Build America. Buy America. With products sourced from minerals readily available in the U.S. and manufactured in Michigan, Natron Energy is a U.S. company that meets BABA requirements. The Power of Blue.

What is a blue pack & blue rack Battery Cabinet?

The Blue Pack and Blue Rack battery cabinet are designed specifically for mission-critical applications, with features including: The Blue Rack cabinet and Blue Pack battery establish a new standard for safe, sustainable data center power. Natron will display this new battery at 7x24 Exchange in San Antonio, Texas, Oct. 23-26.
