

ContainerPower Energy Solutions

Swiss lithium battery solar panel manufacturer

Overview

SSWISS GROUP AG manufactures high-quality solar modules and is leading and globally active technology company. SWISS solar modules are engineered in Switzerland and meet the highest quality standards . As an internationally recognized premium brand.Who makes Swiss solar modules?

SSWISS GROUP AG manufactures high-quality solar modules and is leading and globally active technology company. SWISS solar modules are engineered in Switzerland and meet the highest quality standards . As an internationally recognized premium brand.

What is the most powerful solar module in Switzerland?

Find out everything about the M490, our most powerful solar module in Switzerland, which perfectly combines efficiency and aesthetics. Bifacial modules use not only direct sunlight on the front side, but also indirect and diffuse light on the rear side. Your Swiss solar manufacturer for innovative solar modules and photovoltaics.

Who is Swiss battery?

Our company SwissBattery.com develops battery products and materials for the electric automotive & airspace market. Our target is top benchmarking. We focused at an early stage of the product development on energy use and cost. Our products are resilient in increasingly regulated and clean emerging markets.

Who makes Swiss clean battery?

When building the factory and equipping it with the necessary production facilities, Swiss Clean Battery draws on established and renowned partners. Jonas & Redmann (Berlin), Munters (Hamburg), Dalex (Knowledge) and Metha Bau (Amriswil), for example, are on board.

Who makes lithium batteries?

LiTHiUM System works closely with partners in the immediate vicinity for the quantitative and qualitative production of prototypes. The lithium batteries from LiTHiUM System GmbH have already received several international awards, such as the 360 degree MOVE Award.

Who is lithium system?

LiTHiUM System, formerly LiTHiUM Storage GmbH, headquartered in Illnau, Switzerland, has been supplying customers throughout Europe with high-quality lithium iron phosphate (LiFePO₄) batteries since 2010. As one of the first in Europe we have added NMC cells with a high energy density to our assortment.
