Ten-cell lithium battery pack

Overview

What is the lithium battery pack kit?

The LIT-10 Lithium Battery Pack Kit contains the lithium battery pack, as well as a charging cable. SPYPOINT Lithium Battery boasts a 10,200 mAh capacity that provides incredible battery life. Our rechargeable lithium battery gives you a great sense of satisfaction that your place is well secured and powered all the time.

What is a 10kwh commercial lithium-ion battery pack?

Vanguard has launched its new 10kWh Commercial Lithium-Ion Battery Pack, the largest power solution in the company's lithium-ion product family. This battery pack provides up to 100 kWh of energy when 10 batteries are connected in parallel. It is ideal for heavy-duty UGVs (unmanned ground vehicles) and other robotic platforms.

What is a spypoint lithium battery pack kit?

The SPYPOINT LIT-10 lithium battery pack kit offers a far superior battery life than a set of standard alkaline batteries, especially in cold conditions that are often particularly hard on traditional AA batteries. Increased battery life means fewer trips to your device site to keep it functioning.

Does the lit 10 battery come with a charging cable?

CHARGING CABLE INCLUDED: The LIT-10 rechargeable lithium battery comes with its own USB charging cable that will work with virtually any wall block you have around the house. It is not compatible with any other camera or camera manufacturer.

Is spypoint lithium battery rechargeable kit compatible with other cameras?

It is not compatible with any other camera or camera manufacturer. SPYPOINT LIT-10 Lithium battery rechargeable kit offers a far superior battery life than a set of standard alkaline batteries, especially in cold conditions that are often

particularly hard on traditional AA batteries.
