

ContainerPower Energy Solutions

Three-load inverter 12V

Overview

What is a litime 12V DC to 110V AC inverter?

The LiTime 12V DC to 110V AC Inverter delivers a robust 3000W of continuous power and 6000W peak surge to handle high-demand start-up loads effortlessly. This exceptional output ensures reliable performance for a wide range of appliances and devices, making it ideal for building a powerful and efficient energy system.

Can the inverter work with a 12V battery system?

This inverter can ONLY work with 12V battery system. The inverter CAN NOT can in parallel Battery MUST BE connected first 1200 watt is continuous output power, peak power is 3600W Package included: Note: Different types of loads have different starting impulse currents.

What is a litime 3000W inverter?

LiTime 3000W inverter converts 12V DC to 110-120V AC power efficiently with a 6000W surge for clean and stable operation. Operates in -25°C to 65°C with dual cooling fans, ideal for off-grid systems, camping, RVs, and indoor use. Provides protection against under/over voltage, overheating, overload, and short circuits for reliable safety.

What is a high transfer efficiency power inverter?

High transfer efficiency is above 90%, , complete isolate surge interference of input & output's voltage and current, Impact resistance, super load capacity, built-in AVR stabilizer, continuous stable pure sine wave output. This Power inverter is able to charge the battery bank when AC power is connected to the inverter.

What is a 3000W pure sine wave inverter?

LiTime is committed to delivering superior power solutions that put users first. The 3000W Pure Sine Wave Inverter offers continuous 3000W power and

handles up to 6000W surge power, ensuring reliable performance even under demanding conditions. With a 90% conversion efficiency, it minimizes energy loss, maximizing your power usage.

How many Watts Does a PC-3000 inverter deliver?

Designed to deliver 3000 continuous watts and 6000 peak watts, this inverter is perfect for transforming your vehicle's 12-Volt DC power into 120-Volt AC power suitable for household use. Whether you're facing a power outage, embarking on a cAmping trip, or need remote power for tools, the PC-3000 is your reliable companion.
