

## ContainerPower Energy Solutions

# Togo lithium energy storage power supply price

### Home Energy Storage (Stackble system)

High Efficiency

Easy installation

Safe and Reliable

Perfect  
Compatibility

#### Product Introduction

- Scalable from 10 kWh to 50 kWh
- Self-Consumption Optimization
- Integrated with inverter to avoid the compatibility problem

- LFP battery, safest and long cycle life
- Stackable design, effortlessly installation
- Capable of High-Powered
- Emergency-Backup and Off-Grid Function

## Overview

---

What is a togopower power station?

A mobile power supply that supports not only conventional smartphones and tablets, but also cutting-edge charging standard PD devices, and charges your device firmly. Togopower power station has covers for all the ports so a little splash of water or some condensation from placing it near the fridge won't bother it much.

Does a togopower power station need a cover?

Togopower power station has covers for all the ports so a little splash of water or some condensation from placing it near the fridge won't bother it much. It has an easy LCD display to read when adjusting settings and you can keep an eye on the battery charge level.

How do I charge my advance 300B & Togo 60W solar panels?

The Advance 300B, with a built in MPPT controller, can get the maximum recharging efficiently needed from our portable solar panels. The Togo 60W (sold separately) will provided you with clean solar power where ever you go. You can also charge your unit through an AC outlet and a DC outlet in your car (cigarette lighter).
