

## ContainerPower Energy Solutions

# UAE Energy Storage Power Station Manufacturer

## Overview

---

Does Enercap have a manufacturing facility in Dubai?

Additionally, Enercap Energy Holding Limited has agreed to acquire an existing manufacturing facility in Dubai Industrial City (DIC), which will be upgraded to 6GWh/year capacity. Enercap has a current global demand of over 30GWh of large-scale battery energy storage systems (BESS).

What are CATL battery-powered energy storage systems?

CATL battery-powered energy storage systems provide energy storage and flexibility in power generation. Instant utilization and energy output due to battery electrochemical technology and the technology of electricity production using gas-piston units can be combined into a single most efficient system.

What is the largest SuperCap energy storage manufacturing facility in the world?

This will be the largest supercap energy storage manufacturing capacity in the world and one of the largest energy storage or battery manufacturing facilities. As part of this collaboration, Enercap Energy Holding Limited, the joint venture, will establish a fully automated 10GWh/year manufacturing facility in Mussafah Industrial Zone, Abu Dhabi.

What is SuperCap energy storage?

Dubai-based supercap energy storage manufacturer Enercap Holdings and Abu Dhabi-based Apex Investment, a leading diversified investment holding company, have formed a joint venture to build 16GWh per year manufacturing capacity of supercap energy storage, a cutting-edge technology with features that surpass the commonly used lithium-ion technology.

How many GWh will a storage system produce in 2022?

The successful global experience of implementing storage systems is about

0.5 GWh for 2020-2021 and will be increased to 1.5 GWh in 2022. A number of pilot projects for the introduction of storage devices in the United Arab Emirates is being jointly prepared.
