

## ContainerPower Energy Solutions

# UAE Outdoor Portable Power Supply BESS

## Overview

---

What is a battery energy storage system (BESS)?

BESS (Battery Energy Storage System) is a technology that stores electrical energy in batteries and releases it when needed. It is widely used in power grids, commercial and industrial facilities, and even homes to improve energy efficiency, reduce costs, and enhance power reliability.

What is a Bess energy storage system?

We offer energy storage systems of 50kWh~1MWh, used for commercial and industrial applications. BESS provides a wide range of technical, economic, and environmental benefits, making it a key enabler of the transition to a cleaner, more resilient, and efficient energy system. Max. Charge/Discharge Rate The project began in Ontario, Canada in 2020.

Will the UAE deploy 300mw/300mw of Bess capacity by 2026?

It follows EWEC's recommendation made this time last year that the UAE should deploy 300MW/300MWh of BESS capacity by 2026. It didn't reveal when it hoped the 400MW (MWh capacity undisclosed) would come online, so it's not clear whether this is part of a longer-term target or whether its forecasted needs have increased.

What is a Bess Power Purchase Agreement (PPA)?

The project will involve the development, financing, construction, operation, maintenance and ownership of the BESS system and associated infrastructure, with EWEC then entering into a long-term power purchase agreement (PPA) for the project's offtake.

Is Dubai building a 250MW PHES plant?

Dubai Electricity and Water Authority (DEWA), a utility in the neighbouring Emirate of Dubai, is building a 250MW PHES plant for a reported 2024 operation.

## Why is EWEC launching a Bess Solar System?

EWEC said the BESS would provide flexibility to the system and ancillary services such as frequency response and voltage regulation. The BESS is crucial to the utility's plan to increase solar PV capacity to 7.5GW by 2030, part of an aim to reduce carbon emissions by 42% by 2030 from 2019 levels, it added.
