DTEK, Ukraine's largest private energy company, has selected Fluence Energy B.V., a subsidiary of Fluence Energy, Inc. (NASDAQ: FLNC) ("Fluence"), a global market leader delivering intelligent energy storage, operational services, and asset optimization software, to supply Ukraine's first.

Ukraine's 200 MW/400 MWh battery project dwarfs most Eastern European installations, and is expected to come online in October 2025, ahead of the winter. From ESS News DTEK and Fluence have begun commissioning Ukraine's largest battery energy storage system, a 200 MW/400 MWh installation spread.

DTEK, Ukraine's largest energy private company, announced on Monday that it would purchase storage systems from Fluence Energy with a total capacity of up to 200 megawatts. The storage systems will be used as backup for six power plants. Ukraine faces an energy crisis following Russia's intensified.

DTEK, Ukraine's biggest private energy company, has begun final commissioning of the country's largest battery energy storage project, the company announced on July 10 at the Ukraine Recovery Conference (URC) in Rome. Since the beginning of the full-scale invasion, Russia has deliberately targeted.

Ukraine's largest private energy company, DTEK, has inaugurated a major battery storage facility designed to bolster the country's electricity grid ahead of anticipated Russian attacks this winter. Developed in partnership with

American firm Fluence Energy Inc., the system comprises 698 Gridstack.

DTEK and Fluence Energy have entered the commissioning phase for Ukraine's largest battery energy storage system (BESS) - 200MW of capacity spanning six sites across the country. This project now ranks among the biggest in Eastern Europe. The portfolio includes 698 Fluence Gridstack cubes with a.
