United Arab Emirates pack battery factory

Overview

Who is Emirates national Batteries factory?

Emirates National Batteries Factory's commitment to excellence extends beyond its status as the first lead-acid battery manufacturer in the Emirates. The foundation of its success lies in the high-skilled factory management, boasting extensive experience in the field of battery manufacturing.

What happened to a lead acid battery plant in the United Arab Emirates?

March 24, 2022: Ground has been broken for a combined lead acid battery manufacturing plant and recycling facility in the United Arab Emirates (UAE), Italian group Seri Industrial announced on March 22.

How will dubatt's 'make it in the Emirates' initiative work?

Battery products manufactured at the end of the production cycle will be sold domestically and exported, aligning with the 'Make it in the Emirates' initiative. Dubatt also inked a 'musataha' agreement during the ceremony with the aim to expand the plant, raising its total investment at Dubai Industrial City to Dhs216m.
