

## ContainerPower Energy Solutions

# Villa solar energy storage system

## Overview

---

This article presents a tailored configuration plan for a villa project requiring 25kW power output, 100kWh battery storage, and 30kW photovoltaic (PV) capacity, designed to optimize energy efficiency, reduce electricity costs, and ensure reliable power supply. How does a villagrid Solar System work?

Your PV (Photovoltaic solar system) collects energy from the sun and stores it in your VillaGrid Storage System. Your system connects to a Inverter which converts the DC energy stored in your VillaGrid battery storage system and converts it to usable AC energy that your home appliances can use.

How does a villagrid battery storage system work?

Your system connects to a Inverter which converts the DC energy stored in your VillaGrid battery storage system and converts it to usable AC energy that your home appliances can use. The VillaGrid allows you to avoid peak hour charges, reduces your dependence on the energy grid and keeps you running in the event of an outage.

What is villgrid energy storage?

Take a quick tour of the Villgrid energy storage system. Understand the features and benefits it can have onto your monthly electric bill. 10 kilowatts continuous power. Double the power of legacy lithium ion batteries. Lithium Titanate is the safest battery chemistry on the market, with the industry's first non-flammable, carbon-free anode.

Why should you choose a villagrid battery?

Lower your energy costs and reduce your dependence on the power grid with the award-winning energy storage system that provides more power, more safety, and the industry's longest warranty. VillaGrid is the longest lasting home battery with the highest power while also being the safest and most efficient battery on the market.

Why do I need a solar energy storage system?

The VillaGrid allows you to take control of your home energy management and electric usage rather than being relying solely on the grid. Including a Solar Energy Storage System in your home you are assisting us in helping to safe guard our planet.
